

Amendments to the Specification

Please amend the paragraph at page 3, line 15 as follows:

Figure 3 shows an alternative embodiment of the present invention wherein a pair of water nozzles ~~[[46, 47]]~~26 are provided on the back wall 18 for directing two water jets onto a pair of rotatable disks 28 mounted in the top wall 16. Each nozzle 26 directs a water jet to one of the disks 28, as indicated by the arrows 32, with the disks rotating in the direction shown by arrows 34 so as to transfer the linear water flow to a radial flow as indicated by arrows 36, for distribution of the water onto objects contained in the racks 28.
